Foundation History

Founded in April 2023, Healshell HappyAid Foundation (HHAF) was established with a heartfelt mission to address the financial and emotional toll of medical expenses on vulnerable families. Inspired by personal experiences of loss and hardship due to critical health issues, HHAF focuses on providing accessible medical support, especially for life-threatening illnesses like cancer, to those who lack the means for costly treatments. Through dedicated service and community support, HHAF aims to prevent families from falling into debt and to preserve their hope for a healthier future.

Vision & Mission

Foundation Vision

We envision a future where every individual, regardless of financial status, has access to quality healthcare. We strive to create a society where health and well-being are rights, not privileges, and where families are empowered to live fulfilling lives free from preventable health burdens. HHAF is dedicated to fostering a supportive environment where dignity, care, and opportunity are upheld for all.

Foundation Mission

Our mission is to bridge healthcare gaps for underserved communities, ensuring that medical assistance is accessible and financially feasible for all. We are committed to supporting individuals and families facing medical challenges, especially in critical care areas like cancer, with compassion, dignity, and respect. Our goal is to inspire hope and improve quality of life through sustainable healthcare support.

Foundation Values

Compassion

We serve with deep empathy and kindness, striving to understand and support each individual's needs.

Integrity

We commit to transparency, honesty, and ethical practices, ensuring that every action reflects our strong values and principles.

Empowerment

Enabling individuals and families to lead healthier lives through accessible healthcare support.

Respect

Honoring the dignity and worth of every person, regardless of background or circumstance.

Our Aspiration

HHAF is dedicated to providing vital medical services to underprivileged families, focusing on those facing critical health challenges. By ensuring access to essential healthcare, we aim to alleviate the financial strain that often accompanies serious medical conditions, allowing families to seek treatment without the fear of insurmountable debt.

Our commitment extends beyond immediate care; we strive to empower communities by fostering resilience and encouraging preventive health practices. Through our efforts, we envision a healthier, more equitable society where everyone has the opportunity to live well, pursue their dreams, and contribute positively to their communities.

Strategic Educational Partnership

HealShell Happyaid Foundation is proud to announce a new partnership with a leading educational institutions to enhance learning opportunities for our students. This collaboration aims to provide free education, skill development programs, and a range of NGO-led activities that promote holistic growth. In addition to academic excellence, we are also introducing various sports and extracurricular courses to encourage physical well-being and teamwork. Together, we strive to empower students with knowledge, skills, and values for a brighter and more successful future.
